TURKEY BECOMES A COMBATTANT

Russia Takes Immediate Steps to Meet the Present Situation.

BALKANS WILL ENTER

Turkish Question Expected to be Settled Once and Forever Now That Sultan's Hat is in Ring.

Petrograd, Oct. 30.—Russia has accepted Turkey's participation in the war in enthusiastic fashion.

High governmental officials today declared that the Czar and his advisers welcome the opportunity to settle for all times the entire Turkish question. Already steps have been taken to meet the situation.

Orders have been sent to the Black Sea fleet to search out and destroy the Turkish squadrons now operating against Crimean and Caucasian ports. At the same time the troops which have been held in readiness for this expected event will move shortly.

No official declaration of war has been received in Petrograd yet, according to high officials. Communication with Constantinople has been interrupted and no word has been received from Russian embassy to tell whether the ambassador and his staff have been handed their passports. Dispatches from them, however, are momentarily expected.

At the British embassy in Petrograd it was said that there can be little doubt now that the entire Balkans will be involved in the war. Bulgaria and Roumania, it is said, must now decide whether they will attempt to continue an unpopular neutrality or will seize the opportunity once for all to end Turkey as a nation. Officials believe that Roumania and Bulgaria will strike against Turkey soon.

The reports of Turkish activity are for the present, confined to the following:

Two destroyers, flying the Turkish flag, shelled the harbor at Odessa sinking a Russian merchant steamer.

The Turkish cruiser Breslau, secured from Germany, appeared off the entrance of the harbor of Theodosia, Caucasus, and sent two officers ashore to demand the surrender of the city. The Russian governor made the two officers prisoners of war and refused the demand. The Breslau then bombarded the outer docks, doing considerable damage and killing one soldier.

The Turkish cruiser Hamidieh appeared off Norosysk and immediately afterward the Turkish consul general there demanded that the town surrender to the warship. He was arrested, and immediately afterward the warship withdrew.

The Turkish battle cruiser Goeben, secured from Germany, torpedoed and sank the Russian steamers Yalta and Kakhk, in the outer roadstead at Kerch, Caucasus.

HOSPITAL SHIP WRECKED

The Bohilla Capsizes Off Whilby, England, and Eighty May Have Perished.

Whitby, England, Oct. 30.—The hospital ship Bohilla en route to Belgium with a party of Red Cross nurses and hospital supplies has been wrecked off this port.

The second officer managed to get a lifeboat over and brought the nurses safely to land, but eighty members of the crew and other passengers are still clinging to the bow of the wrecked vessel which is still fast on the rocks.

It is feared all must be lost as the weather is so heavy that lifeboats cannot live in the sea that is running and the wreckage is too far off shore for the life lines to carry.

LOST—Gold Maltese Cross Pin set with brilliants. Lost between the Wagar Apartments and King or Cameron street. Finder will please return to this office and receive reward. 30-3t.

NEWS OF THE DAY

District Attorney Lewis J. Smith, of Nassau County, N. Y., declared today that he would oppose vigorously any efforts on the part of counsel for Mrs. Florence Carman to have the indictment, charging her with the murder of Mrs. Louise Bailey, dismissed.

The council of ministers of Spain has fixed the strength of the army for 1915 at 140,763 men. This is an increase of 18,000 over the present peace footing. The naval strength for 1915 was fixed at 15,000 men.

There was fighting in the streets of Port au Prince all Wednesday night. It was stated that the new outbreak followed the landing of Charles Zamor, a brother of the president of the republic. Members of the Haitian ministry took refuge in the foreign consulates. President Zamor is reported to be upon the Dutch steamer Prinz Wilhelm in the harbor. United States marines are protecting the American consulate.

Nineteen women were killed and forty injured by a bomb dropped by a German aeroplane in the market place at Bethune Wednesday. Two bombs were dropped. The first failed to explode, but the second burst in the midst of a group of women. Two bombs were dropped in Dunkirk. One fell in the Rue du College and killed a woman and a child. The other, which fell near the town hall, caused no casualties.

Prince Louis, of Battenburg, against whom there have been no open charges, but much idle gossip because of his Austrian origin, has resigned his position as first sea lord of the British admiralty. It is thought he stepped down because of a newspaper campaign against his holding such a high command. Announcement of Prince Louis' resignation was made last night in the Court Circular, which recorded that the prince had been received in audience by the king on relinquishing his appointment. The king has appointed Prince Louis of Battenburg a member of the privy council.

Discovery of a new counterfeit \$10 United States note, series of 1901, is announced by the Secret Service. The bill is characterized as a fairly deceptive counterfeit bearing the number E. 780440.

Roland Williamson, an attorney of Shreveport, La., was arrested yesterday on a charge of having choked to death his eight-year-old daughter and an infant son. The bodies of the children were found early yesterday. Williamson was taken in custody while wandering near his home in his night clothes. He is believed to be insane. The police say Williamson tried to end his life yesterday afternoon by striking his head against the floor of his cell in the jail.

Taxicab bandits in New York yesterday held up two employees of the Stanley Soap Works, of 640 West Thirtieth street, and robbed them of \$4,000, the weekly pay roll. There were four bandits. While two of them held the victims prisoners at the point of revolvers, the other two ran with the loot to Twenty-ninth street, where they leaped into a taxicab and sped away.

The French government it was learned last night, has completed arrangements with the National City Bank, as the head of a New York banking syndicate, for a loan of \$10,000,000. The loan will be in the form of a credit established here, against which France will draw for purchases of food, supplies, cotton, and other noncontraband articles. The agreement provides that there will be no actual purchase of French securities for money. It was understood, however, that the interest, required by the lending banks will net them approximately 5 1/2 cent.

CONFERENCE AT ROME

Fighting Again Severe on Belgian French Line—Germans attempt to Break Through Allies' Lines.

Paris, Oct. 30.—The French official announcement given out in Paris this afternoon says that the forces of the enemy which had passed the River Yser have been compelled to withdraw by reason of inundations of the low country brought about by the Belgian army.

Paris, Oct. 30.—News that Turkey has joined issues with Germany and Austria against the allies overshadowed everything else here today.

It was accepted by the high military officials as an admission by Germany that she is unable to make gain either in the east or the west.

The bringing into the conflict of the Turkish army, numbering between 700,000 and 900,000 liberally officered by Germans, is expected here immediately to force Italy's hand. France has looked to Italy to dominate the Balkans, and she cannot do so if she remains idly neutral in the present crisis.

Because of the knowledge of this fact attention of the French government today has been entirely directed at Rome. Representatives of the foreign office are reported to have left Bordeaux last night for the Italian capital and it is believed that a momentous conference is already in progress there, which will determine whether Italy will join in the war.

Reports from the fighting along the Belgian-French front received here today say that with the arrival of German re-enforcements the fighting in the north is again very severe. The Germans are continuing their efforts to break through the Dixmude Neuport barrier and also north of Ypres.

The British are being hard pressed in the territory between Lille and Arras, and additional re-enforcements have been sent to that point.

Severe fighting also is in progress along the entire French right and at parts of the center and it is stated here that the Germans are being slowly driven back upon Metz.

WILSON MAY SHUT MINES.

Considering Whether He Has the Power to Force Settlement of Colorado Coal Strike.

Washington, Oct. 30.—President Wilson is seriously considering whether he has authority to close the Colorado coal mines involved in the strike if the operators continue to refuse the Davis-Fairley plan of settlement already accepted by the miners.

Attorney General Gregory conferred with the President yesterday and it was understood Mr. Wilson had asked him for a legal opinion on his right to close the mines, if public necessity, in his opinion, required that step. After seeing the President Mr. Gregory refused to discuss the question.

Mr. Wilson has received suggestions that he close the mines. Some of his advisers have gone further and suggested that the Government operate them. He is unwilling to keep Federal troops in Colorado indefinitely, but has been told by representatives of the miners that if they were withdrawn before a settlement is reached, fighting and rioting would break out.

PHOTO PLAY BALL TOMORROW

Novel Entertainment to be Given at Convention Hall.

One of the most interesting of the Halloween entertainments in Washington tomorrow night will be the ball to be given at the Convention Hall by the Motion Picture Exhibitors' League and the Washington Post.

Some 50 of the most prominent photo play stars have given positive assurance that they will be present on that occasion.

The Motion Picture Exhibitors' League, which is financing this large enterprise, have arranged with the Pennsylvania Railroad Company for two special cars to bring these people to Washington. The league is defraying all their traveling expenses, including the meals to be furnished on the train, and has reserved 50 rooms at one of the largest hotels in the city for their accommodation.

Although the program has not been announced, it can be stated here that there will be a grand march, which will be led by two popular players, Earle Williams, of the Vitagraph Company, and Miss Clara Kimball Young, of the Peerless Company.

An orchestra of 50 pieces will furnish dance music for the occasion, the hall will be beautifully and appropriately decorated, and plenty of seats provided for those who will attend.

The affair will be strictly informal. Every arrangement has been made for the comfort and convenience of those who will attend, as the Exhibitors' League is spending thousands of dollars to make this ball the grandest ever held in this or any other city.

KAISER'S COUSIN CAPTURED.

Prince Von Schoenich-Carolath Reported Held at Limoges.

Paris, Oct. 30.—A dispatch to the Temps states that Prince Sieghart von Schoenich-Carolath, cousin of the Kaiser and lieutenant of the Prussian Guards, has been captured in the North and is now a prisoner at Limoges.

BOARD OF ALDERMEN.

Report of the Finance Committee Authorizing Council to Borrow \$50,000 Adopted.

There was a brief meeting of the Board of Aldermen last night, at which the finance committee submitted their report upon a resolution presented last Tuesday night providing that the city negotiate a loan of \$50,000 for meeting the current expenses of the city up to May 31, 1915. The committee recommended adoption, and this was done by a unanimous vote, all the members being present.

Nothing further appearing, the board adjourned after having been in session but a few minutes.

Insane Man Kills Himself.

Winchester, Va., Oct. 30.—An insane man, giving his name as Scrivener, who was found wandering aimlessly in Frederick County by Sheriff Pannett, hacked his throat from ear to ear early yesterday morning in the Winchester jail, and was dead in a pool of blood when Jailer Armell made the discovery about 8 o'clock. He used a small penknife, which was overlooked by the sheriff when he searched the man last night. Scrivener worked in the coal mines near Frostburg, Md. and in West Virginia peach orchards before coming here. A brother, John Scrivener, of Scranton, Pa., is coming for the body.

FLOOD ENDORSED BY WILSON.

"It's a Real Pleasure," Says President "to Speak for Faithful Democrats."

Washington, D. C., Oct. 30.—In one of the strongest endorsements given to any of the Democratic candidates for re-election this fall, President Wilson gave an unqualified approval Wednesday to the candidacy of Congressman H. D. Flood, of the Tenth District, who is making a campaign this week to succeed himself, in a telegram sent yesterday to the chairman of the County Democratic Committee at Staunton.

COMMISSION WILL ADJOURN TOMORROW

Bulk of Report is Already in Hands of Public Printer.

GOES TO GOV. STUART.

Segregation Plan Rejected by Majority, Said to Have Supporters in the General Assembly.

Richmond, Oct. 30.—The State Tax Commission will adjourn tomorrow. Its work will be practically completed today, when the final vote on minor subjects submitted to committees that have reported will be taken.

The Tax Commission has made every possible effort to complete its task within the time contemplated by the Legislature when the commission was created. With this end in view, parts of the report to be submitted were handed to Public Printer Davis Bottom, who promptly handed out the work to the contracting printers. Some of his work did not suit the commissioners, and, after inspecting the forms in proof, they directed the Public Printer to make alterations.

It is understood that the whole report will consist of about 175 printed pages. One or more of the commissioners favored the issuance of one more bulletin to the public before making the report to the Governor. Evidently this did not meet with the approval of the majority. The commission decided against issuing the bulletin.

The segregation plan, which the majority of the members of the commission has discarded in favor of the commission plan, is said to have strong support among the members of the General Assembly, which will act upon the tax measures in the special session to be called some time this winter.

As described by one of the minority members, "the segregation plan does not increase the tax rate in a single instance, but, adopting the rates recommended by the committee, segregates for purposes of State revenue, certain subjects that are general in their nature, and releases to the counties and cities those subjects which are purely local in character and which should be retained by the communities, such as the tax on real estate, tangible personal property, etc. By the adjustment of the tax system, according to the segregation plan, it is hoped that nearly every community may find it entirely feasible to make a substantial reduction in its tax rate."

U. S. SUBMARINES.

Preparations for Having Best in the World.

Cleveland, Oct. 30.—"The United States is planning to have the best fleet of submarines in the world," said Thomas A. Edison, in discussing his work on a new submarine storage battery for the government. Incidentally the inventor is setting an example in the "Made in America" movement. He said: "I am making carboic acid in my laboratory now. We ought to make all the basic dyestuffs for lack of which the dye industry in the United States is threatened with ruin. We were too wealthy. That is why we have not been so ready to grasp our opportunities. But we are beginning to realize our mistake, and we are now using the raw material formerly wasted by working it into commodities hitherto bought in Germany."

"Universal peace and final suppression of militarism will result from the present titanic struggle. A big, broad democracy is coming, and instead of Europe being housed by a kaiser, a czar or a king, it will be ruled by the people."

PEACE PROPOSAL

Attempts to Separate France From Allies Fails.

London, Oct. 30.—Cabling from Paris the correspondent of the London Chronicle says:

"An attempt has been made by the Kaiser's advisers and agents during the last few days to separate France from her allies and enable their government to pursue the war with hopes of success."

"Information has been conveyed to certain influential Frenchmen who were expected to act as intermediaries that the German imperial government recognizes the quality of the stand made by the French armies, has never regarded France as her principal enemy and is ready to make peace on terms not merely honorable but generous, for the republic. These would include the transfer to France of Metz and the neighboring part of Lorraine, and perhaps a part of Alsace."

"This proposition was listened to with amusement. No Frenchmen can for a moment ignore the horrible injuries the war is working. It is even easier for false than for true promises of peace to play upon this note at neither can any responsible Frenchman ignore for a moment the fact of the multiple alliance and all it stands for in the present and the future."

REGIMENT ANNIHILATED.

French Machine Guns Used With Terrible Effect.

Paris, Oct. 30.—One of the Wurtemberg regiment, numbering 1,000, is reported to have been destroyed north of the Chalade wood, in the Argonne region. The Germans were retreating after an unsuccessful attack, when they decided to return and try to surprise the pursuing French.

The Germans marched two by two through a rocky mountain pass, and had reached within a few hundred yards of the French camp when a French forester gave the alarm. His comrades rushed forward and heaped rocks at the end of the path and poured a murderous fire on the Wurtembergers, who endeavored to make their escape from the defile but found the passage blocked with rocks and machine guns.

The Germans then hoisted a white flag, and when a French officer with a small party advanced to receive the surrender the Germans reopened fire, killing ten of the French. The infuriated French troops then opened a terrific fire with their machine guns and killed the entire German column.

CONVERTED CRUISER SUNK.

86 of German Vessel's Crew Reported Rescued by British.

Paris, Oct. 30.—A squadron of British torpedoed destroyers has sunk in the Adriatic a German steamer, which had been converted into a cruiser, according to a dispatch from Barcelona to the Havas News Agency.

The Barcelona correspondent explains that this news appears in the published, a Spanish newspaper published at Gibraltar.

The British destroyers are said to have rescued 86 members of the crew of the German vessel.

APPOINTS DEPUTIES.

R. F. Taylor, of Roanoke, Made Grand Commander—Grand High Priest Names District Officials.

Richmond, Oct. 30.—After a morning and evening session the ninety-second grand annual convocation of the Grand Commandery of Virginia, Knights Templar, closed last night with the election of officers for the ensuing year.

A feature of the convocation was the official visit of Grand Captain of the Guard, Alexander B. Andrews, Jr., of Raleigh, N. C., representing the Grand Encampment United States of America. Mr. Andrews was appointed by the Grand Master of the grand encampment, Arthur MacArthur of Troy, N. Y., to visit Virginia in his stead. He was accorded the customary honors, and presented to the grand commandery by Grand Commander Oglesby. Mr. Andrews later on installed the new officers. They are:

R. F. Taylor, Roanoke, grand commander.

Joseph T. Houck, Harrisonburg, deputy grand commander.

William Lee Davis, Portsmouth, grand generalissimo.

Johnston Green, Alexandria, grand captain-general.

Robert P. Carr, Norton, grand senior warden. D. C. Kennedy, Richmond, grand junior warden.

George W. Poe, Richmond, re-elected grand treasurer.

James B. Blanks, Petersburg, re-elected grand recorder.

The grand commander appointed Rev. J. Cleveland Hall, D.D., grand orator; George C. Cabell, Norfolk, grand standard bearer; Stanley W. Martin, Danville, grand sword bearer; William M. Oakey, Lynchburg, grand warden; James A. Pamplin, Richmond, grand captain of guard. All were promotions or reappointments, except Mr. Oakey, who was the new man chosen for the line of advancement.

A past grand commander's jewel was presented to the retiring grand commander, P. D. Oglesby, by Mr. Andrews, representative of the Grand Encampment.

The following standing committees were announced: On officers—J. E. Sol Cutchins, James H. Price; characters and by-laws—D. C. Kennedy, G. McChesney, on finance—J. V. Bidgood, Alexander E. D. Hotchkiss and W. B. M. Lea, W. W. Field; fraternal relations—J. E. Alexander, J. B. Blanks and C. A. Nesbitt.

I. H. Adams, Jr., of Lynchburg, who was elected grand high priest of the Grand Chapter, Royal Arch Masons of Virginia, Wednesday night, has announced the appointment of district deputy grand high priest for the new divisions as designated by the action of the grand chapter. Interesting News Notes About People of Alexandria—Happenings

An enjoyable event of the season took place last night at the residence of Mrs. Robert Harper, on south Fairfax street, in honor of Mrs. Clarence Wilkins' 21st birthday. A large number of guests were present from Alexandria, Washington and near by cities. Mrs. Wilkins received many handsome and useful presents. The music was of an excellent nature and Miss Marian Walker rendered selections. Miss Rosa Wilkins presided at the piano.

The party was greatly enjoyed and at a late hour they adjourned, singing, "God Be With You Till We Meet Again."

The Collingwood Club's dance at their home on the Potomac tonight will be the first of a number of Hal-lowe'en parties. A special train will leave at 7:30 o'clock for the guests from this city. Tomorrow night there will be hallowe'en entertainments in the lecture room of the First Baptist Church, and in the Westminster Building of the Second Presbyterian Church.

Mr. and Mrs. J. J. Sullivan, of Braddock Heights, who have been visiting friends and relatives in Staunton, Va., have returned home.

The Epworth League of the M. E. Church South will give a Hallowe'en party tonight at the Young People's Building.

One of the most entertaining Hal-lowe'en affairs to be given will be the Sheet and Pillow Case dance at the Elks' Hall tomorrow night between the hours of eight and twelve under the auspices of the Cameron Club.

There are a few tickets of the last fifty put out still unsold and these have been placed a Allen's drug store so those persons expecting to attend and who haven't gotten their ticket can secure one there until they are all sold, as this arrangements simplifies the duties of the doorkeeper. This dance is the first given in Alexandria that would be termed a family affair as the children, young people and those not caring to don the sheet and pillow case costume will all be welcome. The Cameron Club wish to thank those who have shown their interest in this work so beneficial to the public at large by buying tickets. The benefit is to put a medical inspector in the public schools.

DEATH OF A JANITRESS.

Georgianna Dey Expires at Her Home Early This Morning.

Georgianna Dey, generally known as Georgianna Nelson, an old and well known colored resident, died at her home, southeast corner of Royal and Princess streets, at an early hour this morning. She was well advanced in years, but had continued her avocation as janitress at the station house with but few intermissions. Georgianna had held this position during the past twenty years. She was also employed in the same capacity in offices of attorneys in this city. The deceased was one of the few of the older colored people of Alexandria, and she always enjoyed the respect and confidence of all who knew her.

NOTICE TO THE PUBLIC

In justice to the Alexandria Water Company and to allay fear of Water takers, the Board of Directors authorize the following statement:

The Company has had samples of water analyzed regularly from two to three times a week since the chlorine plant was installed at our water works and since the 3rd of September the water has been pronounced safe drinking water by a competent chemist and bacteriologist and the Company so notified the Health Department at the meeting held with the Committee on Health October 6th, and at the same meeting made the request that the public be notified by the Health Officers verifying statements by calling at the Company's office and examining reports of the chemist.

ADDITIONAL REPORT

National Board of Fire Underwriters Made Survey of Alexandria

Last August the National Board of Fire Underwriters who made a survey of Alexandria last August and made an exhaustive report on fire risks in the city have issued the following supplementary report:

"This city was visited by Engineer J. H. Howland, September 21 to 23 1914, for the purpose of discussing with city officials and interested citizens the findings in our report of August, 1913, and of advocating the adoption of the recommendations, especially those considered most urgent.

In spite of the fact that the water supply is entirely inadequate, particularly for the high value mercantile and manufacturing district, the water company has not carried out any of the important recommendations made in the 1913 report. Instead of 12-inch, as recommended, a 6-inch pipe was laid in place of the old 4-inch along Union street between King and Wolfe streets; a few scattered short lengths of 6-inch and one block of 4-inch pipe has been recently laid in outlying sections. It is expected that the large dam being constructed on Holmes Run, 5 1-2 miles above the pumping station and impounding about 600,000,000 gallons of water at an overflow elevation of 205, will be completed early in 1915; this improvement will prevent any shortage of water in protracted dry periods, but will not otherwise affect fire protection. Although a few additional hydrants have recently been set, mostly in outlying districts, the city has accomplished nothing towards improving the spacing and type of hydrants as recommended.

The officials of the water company claim that their charter does not obligate them to furnish the city any more water than is at any time available from their system, and that they are not required to furnish an adequate supply for fire protection purposes. A special committee of the City Council, appointed in the spring of 1914, and recently reorganized after the election of a new Council, were to meet early in October for the purpose of investigating questions as to the adequacy and reliability of the water supply, the rates charged and the advisability of taking steps to bring about improved conditions.

A new and modern fire station, with space provided for a double company, is nearing completion next to the old quarters of the Relief Ladder Company on Prince street. The full-paid force in the fire department has been increased by one man, who fills in at the different fire stations where most needed. The 450-gallon reserve fire engine has been put in service at the Rolinace station, while the 550-gallon regular engine is away undergoing repairs. Except for the recent purchase of 1,000 feet of new 2 1-2 inch hose and a cellar pipe, no further fire department improvements have been made. The purchase of the recommended automobile aerial ladder truck is contemplated for the near future.

The question of installing the recommended fire alarm system was considered, but not authorized because of insufficient funds.

The recommendations under building department, explosives and inflammables and electricity, have not been complied with.

Interviews were had with the secretary of the Chamber of Commerce, officials of the Alexandria Water Company, presidents of the Board of Aldermen and the Common Council, four members of the fire committee of Council, two members of a special committee of Council, the city engineer and fire chief and the editor of the Alexandria Gazette. In each case the carrying out of the following recommendations were especially urged: The reinforcement of the water distribution system, especially by the laying of the 16-inch main down Cameron street and the 12-inch main the entire length of Union street, and the improved spacing and type of hydrants, full-paid double company with automobile truck, and automobile combination hose wagon for the new fire station, the fire alarm telegraph system and a modern code of building laws."

Plant Your Panax Beds now to get early spring flowers. Plants 40 cents per dozen, \$2.00 per 100. Priming planting and other garden work carefully attended. C. ALBERT SHAFER, Route 1, Alexandria, Va. May also be found at stand in market.

CARLIN AT COURTHOUSE

Addresses Large and Enthusiastic Gathering of County Voters Last Night

Representative Charles C. Carlin made the first speech in his campaign for re election at Alexandria County Court House last night. He was greeted by a large and enthusiastic audience.

Walter U. Varney, chairman of the county democratic committee, presided and introduced the speaker.

Senator Martin, who had expected to speak in Mr. Carlin's behalf, was detained at his home in Scottsville on account of the illness of his wife.

Mr. Carlin discussed the proposed bridge at 34th street northwest to connect Washington with Alexandria county and said that he hoped to secure its erection. He also told of his efforts to put through Congress the bill providing for the Lincoln Memorial Highway. Mr. Carlin replied to the statement that he had not taken any action to prevent the passage of the bill excluding non-resident pupils from the district schools by presenting extracts from the Congressional Record to show for five days he engaged in an effort to defeat the bill. The greater part of Mr. Carlin's speech was taken up with the discussion of national issues.

CORN COMES OFF AS EASY AS YOU PLEASE!

"Gets-It" Being Used by Millions! It is the first time that a real, sure-as-fate corn cure has ever been discovered. "GETS-IT" is the new corn-ender, based on an entirely new principle. It is a new, different formula, never successfully imitated. It makes corns shrivel and then vanish. Two drops do the work. You don't bundle up your toe any more with sticky tape and plasters that press down on the poor corn—no more flesh-eating salves that don't "stay put," no more hacking at corns with knives or razors, no more bleeding or danger of blood poison. No more limping around for days with sore corns, no more corn pains.

"GETS-IT" is now the biggest-selling corn cure in the world. Use it on any hard or soft corn, wart, callus or burr. Tonight's night "GETS-IT" is sold by druggists everywhere, 25 cents a bottle, or sent direct by E. Lawrence & Co., Chicago.

 WASHINGTON, D. C.

Announcing Our Complete Display of The Leading Styles in Fine Furs for the Season of 1914-15.

This large and fine display demonstrates our specialization in application to the radical changes which have taken place in Fur fashions this season.

Especially marked are the new styles in Coats—short coats, long coats, long wraps, waistcoats wraps that gracefully lengthen in the back; Cape coats the practical coats for business and street wear.

Fur Sets muffs and neckpieces showing departures that have been wrought and the many different kinds and the fine quality of the pelts that are now used. New Melen Muffs, Barrel Muffs, and Draped Pouch Muffs; new shapes and designs in neckpieces and scarfs.

It is but proper and just for us to say that all these Furs were bought at the old prices, and are consequently, very special values when judged by the present standard.

IT DOESN'T TAKE MUCH MONEY.

to bring you a home of your own, and how much better it is to own one, than to keep on paying rent every year. We should like to show you the houses which we have for sale on easy terms, you will be surprised to know how little money it takes to put you in possession of a substantial up-to-date house. Drop us a card and we will be glad to call on you and explain our proposition.

REPETITION OF NEY'S BLUNDER.

Failure by the Germans to utilize
an opportune moment for an attack
on Warsaw, after they had approach-
ed within eight miles without being
discovered, turned the tide of the
German invasion of Russian Poland.
Russian generals are absolutely at
a loss to explain the German strategy
in delaying a night attack until the
opportunity was lost. Almost within
sight of the city the Germans sud-
denly decided to delay the attack and
that allowed the Siberian and other
Russian reinforcements to give ade-
quate protection.

The above will bring to mind the
unfortunate procrastination of Mar-
shal Ney before the battle of Water-
loo. Napoleon had ordered the mar-
shal to take Quatre Bras, a most
important point, but Ney, arriving in
front of the "Four Corners" at night
and in a rain storm, concluded to de-
fer entering the place until next
morning.

The Duke of Wellington, who was
attending a ball in Brussels for the
purpose of allaying the apprehension
caused by the Corsican's return
from Elba, realized the importance of
the allies possessing Quatre Bras,
and urged his officers to take pos-
session of it as speedily as possible.
His orders were to move on the place
in any number that could be hur-
riedly started, not to wait for the
main army, but to use a brigade,
regiment or squads to accomplish the
purpose. His orders were obeyed, and
next morning, when Ney would have
marched in, he found the place brist-
ling with the bayonets of the enemies
of France. The marshal fought hard
to dislodge them, but to no purpose,
and he became so desperate that he
unnecessarily exposed himself, hop-
ing he would be killed, as he dreaded
meeting Napoleon. The latter was
compelled to materially alter his plan,
and the terrible battle of Waterloo
brought the Emperor's career to a
close.

THE "SICK MAN"

The allies during the past few
months have been vying in efforts to
keep Turkey out of the present Eu-
ropean war. Germany, however, has
had more influence upon the Porte
than her enemies, and the Moslem
Empire is now aiding the Emperor
William.

The movement of the Turk has
been anticipated for some time. Ger-
man cruisers have been snugly
escorted in the Dardanelles far away
from British ships, while German
officers have been commanding ships
of the Turkish navy.

There will soon be three war

zones—northern France, East Prus-
sia and the Black Sea. Turkey has
already made attacks upon Russian
ports, and will doubtless avail her-
self of this opportunity of wreaking
vengeance upon the Muscovite who
came out victor in the war of 1876.

The "Sick Man," as Turkey was
called many years ago by the British
Prime Minister, is redivivant. Two
decades ago the nation was called "a
hoarse of cards," the integrity of
which was maintained by nations
hostile to Russia, who used all the
arts of diplomacy to keep the Rus-
sian bear out of Constantinople.

The outcome of the present war
will result in many complications.
Russia is now in an alliance with
England and France, nations which
heretofore played prominent parts in
keeping the Czar bottled up—that is
preventing him from obtaining a
port in a temperate zone. That he
will demand his price at the end of
this conflict goes without saying,
and should the allies emerge trium-
phant he will demand Constantinople,
and, in the language of the late
William E. Gladstone, the Turk will
have to gather his bag and baggage
and leave Europe.

The plunging of Turkey into war
makes the ninth nation which has
entered the fearful vortex.

LECTURE ON HOLY LAND.

Rev. L. F. Kelley to Give His Per-
sonal Observations on Present
Conditions in Palestine.

Rev. L. F. Kelley, one of the
Washington Post tourists in the re-
cent trip to the Holy Land, has inau-
guated for the pupils of St. Mary's
Academy a series of lectures on the
trip that bids fair to be highly
profitable as well as pleasurable. The
first of the series was given in the
assembly hall of the Academy at
2:30 p. m. on Thursday, and to judge
from this one the course will be
delightfully interesting.

In his opening remarks the lecturer
dwelt at length on the perfectly plan-
ned and perfectly executed details
of the trip. Added to this was
delightful companionship, to quote
the reverend speaker. "The Post
tourists were without exception as
fine a body of men as it has ever
been my good fortune to mingle with,
and the memory of their genial
companionship throughout the whole
trip will prove a pleasure to me
always; second only to the memory
of my generous friends who made the
trip possible for me."

The Austrian vessel, the Franz
Joseph, that carried the tourists
across the sea, was described in detail
and much knowledge not gleaned
from books concerning an ocean liner,
was gained by the interested audi-
ence. Unusual was the serenading
of their vessel by two aeroplanes in
New York harbor as if to bid the
outgoing tourists a God speed over
the sea.

The first stop at the Azores was
graphically described. The little
town of Horta proved a wonderfully
interesting spot even to the students
who never before ever located it on
the map. Then came Gibraltar, the
world's most wonderful fortification,
guarded by English troops, and the
little French town separated from the
rock of Gibraltar by a strip of
neutral territory. Carefully explain-
ing why their vessel was not per-
mitted to enter the Dardanelles or the
Black Sea, the trip was continued to
Algiers, that strange little French
town of Northern Africa. The won-
derful contrasts to be noted between
the division of the European and
Arab quarters in Algiers were im-
pressed upon the pupils as no mere
book could impress them—and there
the first lecture ended all too soon.
Greece, Rome, Constantinople, Bey-
reuth, Alexandria, and the various
stops in Palestine will be treated in
later talks, to which already both
pupils and teachers look forward with
pleasure.

EVERY CHILD IN ALEXANDRIA WELCOME

to our store on Saturday, October 31st at three o'clock, when we will have
our toyland opening and where you can meet Santa Claus and tell him your
wants.

We have four floors of toys, we had our orders in before the war in Europe
began and we have not raised the prices on a single item in our stock although
we could have disposed of the best part of our stock before reaching Alexan-
dria, but our many customers in Alexandria and vicinity expect us to take
care of them when Christmas comes.

Like some of Washington competitors we do not double our regular prices
and cut them half and then call them special prices, but to show you that
we do give special prices we are offering you the following prices on items
asked below.

VIRGINIA DOCTORS.

Dr. S. B. Moore Elected First Vice President of Association.

Washington, Oct. 30.—Patients undergoing operations and near the point of death, supposedly from anaesthetics, often are suffering from acidity of the blood, and may be revived, even when they seem dead, by the injection of an alkaline solution, Dr. George W. Crile, of Cleveland, told members of the Virginia Medical Association at the New Willard Hotel last night.

All anaesthetics—ether, chloroform and nitrous oxide—Dr. Crile said, cause acidity of the blood. Death from anaesthetics properly administered, he said, comes only when a patient is near the point of death from acidity of the blood.

Other speakers were Dr. W. P. Carr and Dr. John B. Nicholas, who spoke on "What Are the Proximate Principles of Nutrition?"

During the early afternoon, the delegates were guests at Fort Myer, where a cavalry and artillery drill was given. On their return, they held their election of officers. These were named: Dr. Samule Lile, of Lynchburg, president. Dr. Samuel B. Moore, of Alexandria, first vice president; Dr. Joseph T. Buxton, of Newport News, second vice president; Dr. J. W. Preston, of Roanoke, third vice president; Dr. Paul A. Irving, of Richmond, secretary, and Dr. M. W. Peyser, of Richmond, treasurer. Richmond was chosen as the place for the next convention.

It was decided to confer with the association of army officers of the Confederacy regarding the erection of a monument at Richmond to Dr. Samuel Preston Moore, surgeon general of the Confederate States of America. The convention will conclude today when new officers will be installed.

OFFICIAL

Board of Aldermen.

At an adjourned meeting of the Board of Aldermen of the city of Alexandria, Va., held October 29, 1914, there were present:

Henry K. Field, esq., President, and Messrs. Hill, Brill, Ballenger, Robinson, Wilkins, Fitzgerald and Summers.

The Committee on Finance, to whom had been referred the following resolution, recommended its adoption, and it was adopted by a unanimous vote: Ayes, Messrs. Hill, Brill, Ballenger, Robinson, Wilkins, Fitzgerald, Summers and Mr. President—8, Nays, none.

Resolved, that the Finance Committee be, and they are hereby, authorized to borrow the sum of fifty thousand dollars (\$50,000) at such times and in such amounts as may be necessary to pay the expenses of the city for the fiscal year ending May 31, 1915, issuing the obligation of the city for the same.

Said notes shall be signed by the Mayor and City Treasurer and attested by the City Auditor and the seal of the city affixed thereto.

The board then adjourned.

Luther H. Thompson Clerk.
HENRY K. FIELD, President.

TRUSTEE'S SALE OF ELEGANT HOME WITH MODERN IMPROVEMENTS IN THE CITY OF ALEXANDRIA, VIRGINIA

By virtue of the authority vested by deed of trust from Ida D. Rishell and Thomas L. Rishell to the undersigned Trustee, dated the 9th day of September, 1912, and admitted to record in Liber 62, page 229 of the land records of Alexandria city, and on account of default in the payment of the notes secured thereby and at the request of the holders of the notes secured thereby, the undersigned Trustee will on Saturday, November 14th, 1914, at twelve o'clock, noon in front of the Royal Street entrance to the Market Building, in the city of Alexandria, Virginia, offer for sale at public auction, the following property to wit:

All that lot of ground, with the improvements thereon, in the City of Alexandria, Virginia, and bounded as follows, to-wit:

Beginning at the intersection of the south side of Wilkes Street with the west side of Washington Street, and running thence south on Washington Street one hundred and twenty-four (124) feet; thence west, parallel to Wilkes Street, one hundred and twenty-three (123) feet, five inches to the middle of the square; thence north, parallel to Washington Street one hundred and twenty-four (124) feet to Wilkes Street; and thence east, binding on Wilkes Street, one hundred and twenty-three (123) feet five (5) inches to the beginning, with all appurtenances; being the same property conveyed to the said Ida D. Rishell by Lida A. French by a deed duly of record in the land records of the said City of Alexandria.

Terms of Sale: Cash, conveyancing at the cost of purchaser; a deposit of two hundred and fifty (\$250.00) dollars cash will be required when the property is knocked down to the purchaser, and ten days will be allowed to examine the title and pay the balance of the purchase price.

FIREMAN KILLED BY TRAIN.

While Fixing Own Engine Stepped in Front of Another.

Roanoke, Va., Oct. 30.—N. W. Going, a fireman on the Norfolk and Western, was fatally injured today at Bonsack, when he was struck by the Memphis special. He was brought to Roanoke and died yesterday afternoon.

Going was stooping down, fixing his engine, which was standing on a siding at Bonsack. The noise from his locomotive prevented him from hearing the approaching train, and as he stepped to the other track he was struck. The train stopped and the injured man was placed aboard and brought into Roanoke.

FIGHT IN NINTH VIRGINIA.

Both Irvine And Slemg Express Confidence in Result.

Bristol, Va., Oct. 30.—Following the big Democratic rally here on Monday night, when speeches were made by Senator Swanson and R. Tate Irvine, Representative G. B. Slemg and his campaign committee held a rival meeting last night. Leslie M. Shaw, Secretary of the Treasury during the Roosevelt administration, addressed the meeting.

The campaign in the Ninth district is the hottest in years. Both sides are confident. The Republicans claim a majority of from 1,000 to 2,000. The Democrats give no figures, but assert they will be able to carry counties that have up this time been in the Slemg column.

GUARD TAKES CONVICTS.

Guard R. M. Johnson, from the Richmond Penitentiary, arrived at the city jail today and took charge of three negroes who have recently been sentenced by the Corporation Court of this city to serve terms in the State's prison. They are Charles Brown, one year; James Fletcher, five years, and Cooper Williams, three years.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 30c and 50c per box. All druggists.
